

- Researcher informations
 - first and last names: Mayara Jorgens Prado
 - position: PhD Student
 - department: CBiot
 - institution: UFRGS
 - complete address: Bento Gonçalves avenue, 9500
 - e-mail: Mayara.jorgens@ufrgs.br
- Title of the Project: computational 21-hydroxylase enzyme analyze
- Keywords: 21-hydroxylase, CYP21A2
- Introduction: Cytochrome P450 (P450, CYP) 21A2 is the major steroid 21-hydroxylase, converting progesterone to 11-deoxycorticosterone and 17 α -hydroxyprogesterone (17 α -OH-progesterone) to 11-deoxycortisol.
- Objectives: Analyze the 21-hydroxylase enzyme interactions.
- Methodology: (choosing)
- Signature

Porto Alegre, 11/08/2018
